

To whom it may concern,

I am pleased to provide a reference for Alex Stojkovic.

Alex began doing work for our Jack Astor's Marketing team in the Spring of 2000 for our Survivor promotion. Since then he has worked on many other initiatives for us that we have been very pleased with.

Alex was recommended to us by one of our Jack's restaurants and has now had the opportunity to work with other Jack's restaurants because of his impressive and hard work.

I can say without reservation that Alex is an excellent and complete supplier in digital marketing and creative marketing ideas.

Moreover, Alex's greatest assets are his warm and friendly personality and his willingness and ease in working with people. I have no doubt that Alex is ready to proceed onward towards a successful career.

I recommend him without uncertainty. Please do not hesitate to contact me if you would like more information.

Sincerely,

Stacey Kells
